

Top Seniors to Get 'Who's Who' Citations

Recipients of the annual local "Who's Who" awards for outstanding service and participation in college activities will be announced Feb. 25 in the next edition of the Missourian.

This recognition, sponsored by the Tower, is accorded only to seniors who have exhibited through active participation and involvement their qualifications for meriting this honor. Selection is based totally on an objective point system giving

a specified number of points for each group activity or organizational membership participated in by a candidate. The more important an organization is in regard to serving the campus, the more points possible. Grades are also considered on this point system.

According to Dr. Charles E. Koerble, dean of students, the purpose of "Who's Who" is to give effective recognition for total campus involvement to those students who put in endless hours, attend numerous committee meetings, and in general work to promote the welfare of the student body.

Vic Jenkins, student senator and this year's chairman of the "Who's Who" committee, is presently in the process of finding out the requirements necessary for recognition in the national publication in "Who's Who Among Students in American Universities and Colleges" in order that the outstanding students on this campus may be further honored for their service.

Senate Chooses Dates for Election

A short meeting of the MSC Student Senate Feb. 13 resulted in notable legislation concerning times for future events.

Considerable discussion was given to selection of dates for the upcoming election of student body officers. Final Senate action consisted of the selection of Tuesday, Apr. 8, as the nomination convention date and Tuesday, Apr. 15, as the day of elections.

In other business, Mike Wilson, president, appointed a four-man committee to look into the matter of freshman officer elections. Wilson pointed out that last year's election of freshman officers was not well coordinated and that attention was needed in this area.

Mr. Kendall Mork, the new representative for IPC, was sworn into Senate membership after the meeting.

Students who have registered for the spring semester should pay their enrollment fees at the Administration Building according to the following schedule based on the first initial of the last name: NOPQRS—Feb. 18-19; TUVWXYZ—Feb. 20-21.

Other students were notified to pay fees between Feb. 10 and Feb. 17.

Charlene Rush Wins Coed Title

Senior Science Majors Receive Graduate Study Stipends to MU

Previous recipients of the University of Missouri graduate study stipends, Norman Adair and Gary Wulf, left, and Bob Bruncker and

Alma Morgan, right, share the joy of the most recent scholarship recipient, Charles Stagg, center.

For the first time in many years, five MSC seniors in the fields of biology and chemistry have been accepted in the School of Medicine at the University of Missouri.

Two of the students will be entering Medical School to study for an MD degree; the other three, to do graduate work for a PhD.

Miss Alma Morgan, daughter of Mr. and Mrs. Miles Morgan, Oregon, received a \$1,000 stipend to study at the Medical Center in Columbia last summer under Dr. John McKenna, associate professor of microbiology. She has a double major in biology and chemistry and is a member of Beta Beta Beta, honorary biology fraternity, and treasurer of the Pre-Med club. She plans to study for an MD degree.

Norman Adair, son of Mrs. Arlene Adair of Pleasant Hill, will begin his studies toward a doctor of medicine degree

next fall. Also a double major in biology and chemistry, Adair will be an honor graduate this spring.

Gary Wulf, son of Mr. and Mrs. Mario Gianchino, Kansas City, has been accepted as a graduate student in the department of pharmacology at the Medical School. A graduate of Savannah High School, he is a chemistry major, a member of the Pre-Med club, AKL, and student affiliate member of the American Chemical Society.

Wulf has been awarded a \$2,000 stipend.

A biology major who will be a spring honor graduate, Bob Bruncker, son of Mr. and Mrs. Gilbert Bruncker, Maysville, will begin his graduate studies

this summer in the department of microbiology. He has been awarded a \$3,000 stipend graduate fellowship while he studies at the Medical School. Bruncker, chairman of Homecoming activities last fall, is a member of the Pre-Med club, AKL, and Tri-Beta.

A chemistry major, biology minor, Charles M. Stagg, who will be graduated in the spring, received a \$3,000 stipend from MU for research in the department of agricultural chemistry. He is the son of Mr. and Mrs. Charles S. Stagg Jr., St. Joseph. Stagg is a member of the American Chemical Society, Tri-Beta, Pre-Med club, and Veterans' club. He plans to study for a PhD degree.

Alternate Ambassadors Get 1969 Summer Assignments

Erich Winter, a junior English major from Maryville, and freshman Gwendolyn Wallace from Lacona, Iowa, were pleasantly surprised last week.

The two students, chosen as alternates to MSC's Ambassadors in the Experiment in International Living, have been informed that they too will be granted the opportunity to travel abroad during the summer.

Winter, bound for Great Britain, acts as assistant editor on the Tower staff, is a member of the Tower Choir, is active in the UCCF-Wesley Foundation, and serves on the Religious Life Council. He is affiliated with the Phi Sigma Epsilon fraternity.

Miss Wallace, a PE major, will be MSC's Ambassador to Ireland. She is a member of the Delta Zeta sorority and in-

cludes among her activities membership in the PEM Club and Dance Club.

Other Ambassadors announced in last week's Missourian are Barbara Hardy, who will go to Denmark; Alan Wagner, to Greece, and Steven Cottrell, to Morocco.

"Because of the fine response to the Faculty Frolics, the money received from that event, and an additional gift, we now have the funds to send all of these five outstanding students as our Ambassadors to other countries this summer," Dr. Robert P. Foster said in announcing the additional ambassadors. "We are indeed proud of all of them and know they will bring back much knowledge to help strengthen our international relations program."

Debaters Defeat 4 Area Opponents

Two MSC debate teams defeated teams from four other area colleges the past weekend in a forensic tournament held at Kansas State Teachers College, Emporia.

Gerry Sisson and James Oliver, David Dills and Linda Sorenson downed teams from University of South Dakota, Kansas State Teachers College, Emporia; Southwest Missouri State College, and Washburn University. Dills replaced James Leu, who was hospitalized.

Mr. Jerry Winsor, forensic adviser, accompanied the team.

The MSC debaters' next meet will be a state event at Florissant College, near St. Louis, March 7, 8.

Student Proposes:**'Report Cards for Faculty'**

This semester approximately 220 people were allowed back in school without receiving their final grades. As a matter of fact, the only determinant in their returning was their old transcripts.

If you haven't guessed, the people I am referring to are the members of our faculty. At the present time, no effective means of student evaluation of an instructor is in use at MSC.

Since the student is paying for an education which will teach him the skills and methods to help him lead a successful life. I feel that any person whose responsibility it is to teach these skills should be of the highest quality. Wouldn't a permanent student evaluation system help to achieve this goal?

Last year, the possibility of a Senior Teacher Evaluation was brought up before the Student Senate; however, no permanent system was established. I feel that it is again time to consider this issue and to institute some definite, lasting policies in this area.

A successful procedure could be achieved in several ways. A standard evaluation sheet could be filled out by all students or by a random sampling of students, reporting on their respective instructors. An evaluation could be made by all graduating seniors, or possibly the students majoring in a certain field could evaluate the instructors in their division.

Whatever method is used, I believe that a successful and permanent teacher evaluation by students would not only aid the instructors in correcting their faults, thereby upgrading the effectiveness of the curriculum; but also it would serve the administration in its consideration of new personnel and the effectiveness of the old.

— Bill Musgrave

From the Editor's Mail**On Human Rights**

Editors:

We would like to submit our reply to the letter written by "A Curious Student" in the Northwest Missourian of Feb. 11, 1969. In that letter, this individual made several broad statements and accusations directed at the Black students on this campus which we believe demands another opinion.

We are no longer dealing with the idea of Civil Rights. It has gone beyond that phase. Today and tomorrow are the times to be concerned with the thought of Human Rights.

When seeking to reinforce a new identity, the Negro naturally seeks out those individuals who are sharing the same experiences.

The laws are explicit; now attitudes are the barriers to freedom for all.

"A Curious Student" was quick enough to pick out two "good Negroes"; but he was as fast in judging the actions of a few bad examples and generalizing their conduct to every other Black person on campus.

He also stated that he came from an "area where the Negro and his complaints were no big problem." During these times of racial unrest, it would be impossible to live in Ameri-

PE Answer

Dear Editor:

I'm sure we all feel free to complain among ourselves (mostly just to hear ourselves complain), but let an "outsider" say harsh words and we rise up indignantly to defend our little group.

Well, it's happening now. I'm defending, unofficially and voluntarily, of course, the Women's Physical Education Department from the "outsider" (i. e.—the non-PE major coed who complains about the Department).

I'm not going to say that there aren't any inconveniences. (I'm sorry, however, that last week's writer doesn't feel the benefits of the program outweigh these inconveniences.) I know the activity classes are overcrowded (who doesn't know that?) and many probably spend a lot of time sitting on the sideline instead

ca and not be affected or aware of the problems confronted by the Negro. Perhaps a more truthful statement for him would have been, "Where I come from, niggers know their place and don't cause any trouble."

It is this attitude of "let them make it on their own" that creates an atmosphere of antagonism against anyone who asks for, or needs your help to help themselves. We feel that if a Negro is making an effort to go to college, this is an indication that he is sincere in trying to help himself and deserves our fullest cooperation. If this lack of communication persists between Blacks and Whites, America will continue to struggle along in its present disorganized state.

It is our opinion that these "hate - mongers" are failing and that the time of "Justice For All" is just beyond the horizon of the new day.

Mr. and Mrs. Lanthan D. Camblin Jr.

Pollees Evaluate ...**Teacher Aid Program at MSC**

The student work program at Northwest Missouri State College is designed to provide part - time work experience which is educationally worthwhile and contributes to the student's maturity. Whenever possible it is to be related to the student's educational program.

One such type of employment is given to the teacher aid. Any full time student may apply for this type of position and, with the approval of the department head, begin his duties as a teacher's assistant. He may type, file papers, grade papers, run errands or do various other tasks. The Missourian's questioners of this week asked, "Should aids be allowed to grade student work?"

Students Respond

Of the more than 50 students polled, four - fifths said "yes" on daily assignments and objective tests, but only 2 pollees approved the aid's grading of themes, and only 1 felt he should grade essay tests.

When asked what qualifica-

tions, if any, the teacher's aid should have, the response was surprisingly restrictive.

Nearly two-fifths of those questioned said the helper should be seeking a major in the field in which he corrects papers. Several suggested he have a 2.5 overall grade point average and a 3.0 in his major field.

While need for money was another qualification proposed, a number of the pollees believe experience with the methods of the teacher is an advisable requirement for all of the assistants.

Effect on Grade

Thirty-two per cent of the students polled definitely believe that their grades have been affected by the scoring of a teacher's aid. Among the reasons cited for such a feeling was incompetence, carelessness, individualism, and favoritism. One of those questioned said, "I knew the grader, and he pulled for me."

Many said that they believed they would have received more credit if the teacher had graded the paper. "It is impossible," one sophomore girl wrote, "for an aid to grade correctly because he doesn't know exactly what the teach-

er wants."

Necessary Evil

Overall, more than half agreed that teachers' aids are necessary. There were, however, varying levels of agreement. One student commented, "In the case of some teachers, they need the extra time to become better teachers."

Others felt it would speed up the return of written work. As one student put it, "Teachers' aids are a necessary evil."

"Correcting assignments is part of the teacher's job," commented a coed. "The student works hard doing the assignment; the teacher should do his part."

"The aid" apparently is a controversial issue among students. While none of the students questioned were currently or had been a teacher's aid, they had definite feelings about the position. Said one student, "No, I haven't been and I wouldn't be for any amount of money!"

While the teacher's aid would seem to be an important and necessary part of the teacher's world, most students questioned feel it advisable to place some restrictions on these student helpers beyond those now in practice.

President Foster: Man of Year

Dr. Robert P. Foster has been honored as 1968 Man-of-the-Year by the Maryville Chamber of Commerce.

Dr. Foster joins 12 others who have received the community service citation since it was instituted in 1956. Other MSC men who have received the award in past years are President Emeritus J. W. Jones, 1958, and Mr. Everett Brown, 1962.

The award, in the form of an engraved plaque, was presented by last year's recipient, Mayor Harold VanSickle.

Anna Kalin

Editor's note: Many of the advantages of physical education were pointed out in the "pro" editorial "P. E.!" in last week's Missourian.

Charlene Rush is shown in the campus outfit that she modeled in the Top Coed finals.

Wearing their chosen evening attire are the finalists in MSC's Top Ten Coed Contest. They are, from left to right: Donna Fisher; Janice McKee; Diane Bergren; Joyce Ann Hatcher; first runner-up; Charlene Rush, the winner; Vicki Baker, second runner-up; Linda Gittins; Linda Flachland; Susan Hackett, and Mary Lou Swaim.

Charlene Rush to Represent MSC In Glamour's 'Top Coed' Contest

Miss Charlene Rush, sophomore from St. Joseph, was selected Top Coed at MSC for 1969 in the final judging held last week in the Charles Johnson Theater.

An art psychology major, Miss Rush plans to work with children in art therapy. She is a former Miss Maryville finalist and is a member of the Associated Women Students Executive Council. She also serves as historian of Sigma Sigma Sigma sorority and is active in People to People, Psychology Club, and Art Club.

Joyce Ann Hatcher, a junior English major from Des Moines, Iowa, was chosen first runner-up. Miss Hatcher is a member of Union Board, Sigma Sigma Sigma sorority, and AWS. She is also a residence hall counselor and has been an American Royal princess candidate and a Homecoming queen candidate.

Second runner-up was Vicki Baker, junior chemistry major from Maryville. Miss Baker is a member of Phi Mu fraternity, Sigma Phi Dolphins swim club, and American Chemical Society. She serves on the Union Board and Homecoming committee and has been a candidate for Tower Queen and Miss Maryville.

When asked during the formal competition how she would improve the campus, Miss Rush stated that she would first liberalize hours for women in the upper classes. She said she would also institute more campus activities with increased student participation. She is in favor of replacing the present registration system with pre-registration.

As winner of the MSC Top Coed contest, Miss Rush is entered in the national competition sponsored by Glamour magazine.

As a national entrant, she has submitted a theme of 500-750 words explaining why she chose her major and what role she expects to play in this field.

Betsy Thompson, last year's Best Dressed Coed, presented flowers to Miss Rush. The 10 finalists each received gifts from Maryville merchants.

David Horsman served as master of ceremonies, and Cheryl Paulsen provided background music, played a piano solo, and accompanied Mike Miller, who sang three numbers.

Becky Grier, Veronica Ewing, Sandra Seipel, and Dinah Shell, students from the Modern Dance Club, presented a number entitled "the Fabulous Flicks."

The MSC Top Ten Coed contest is sponsored by the Northwest Missourian staff.

Sigmas Initiate, Install Officers

The fall pledge class of Sigma Sigma Sigma sorority was initiated Jan. 9.

The eleven new initiates are Kathy Donnelly, Independence, Iowa; Vicki Horton, Paula Moyer, Maryville; Laura Kupper-Smith, Kathy Lopour, Diann Piraro, Kathi Sweeney, Kansas City; Barb Stevens, Cheryl Lykins, Albany; Ruth Pickett, St. Joseph, and Jackie Rabenold, Montezuma, Iowa.

Denise Bower, Hamble, also has been recently initiated. The initiation was followed by a banquet held in the Union. Best pledge award was presented to Kathy Donnelly; Ruth Pickett received an award for the best essay on pledgship, and Vicki Horton was honored for scholarship.

New officers recently installed to serve the coming year are Joyce Hatcher, president; Mary Lou Swaim, vice president; Emily Wormsley, treasurer; Arlene Horner, recording secretary; Elaine Thompson, corresponding secretary, and Helen Martin, scholarship chairman.

New Members Named To KDLX Positions

Five positions at KDLX were recently filled, according to Joe Motsinger, assistant station manager.

Dave Connors has assumed advertising manager responsibilities while Dave Swanson is filling the assistant music librarian post. The new Top 40 music director is John Bassett, and the new assistant news director is Dennis Bowman.

Joel Knutson will fill the staff writer position.

Grad Is Federal Aide

Robert Johnson '65, has been reassigned as a staff aide to the Assistant Secretary of the University of Missouri.

He did his graduate studies at a trainee in Washington, D. C. his first year in the service as in Berne, Switzerland, spent United States foreign service duty as a member of the a two-year overseas tour of Johnson, who has completed State for European Affairs.

Free Bridge Lessons Being Taught in Union

Free bridge lessons are being taught at 7:30 o'clock every Wednesday night in Lower Lakeview Room of the Union Building.

Dr. Charles Nichols, a Maryville optometrist, is the instructor. He has taught bridge lessons on cable television in Maryville. A free book of rules is given to participants.

Everyone is urged to attend these meetings and learn various ways of playing bridge.

IMB Offers Video Review

Would you like to see yourself in action during a demonstration? This is possible through the use of the IMB equipment at the college library.

Mr. Luke Boone, director of Instructional Materials Bureau, stated that instructors and students are using video tape in evaluations and teaching. An instructor who wants to use this equipment has a planning session with Mr. Boone. They discuss the material to be presented and the pros and cons.

An instructor may tape a lecture and then have the students view it. The students may also video tape a demonstration to be viewed later by the instructor.

Video tapes have been made during football practice so that the team can watch its mistakes. Some parts of actual football games have been taped and shown on cable television in Maryville.

IMB equipment may be used without any fee charged to the person using it.

Modeling her dress-up ensemble is MSC's honored Coed, Charlene Rush.

Glancy Takes City Post

Mr. Roger F. Glancy, recent MSC graduate, has assumed duties as manager of the agriculture department for the St. Joseph Area Chamber of Commerce.

REFLECTIONS From the Educational Scene

Education Lacking

Just to show the extent of apathy today, two teenagers conducted their own "test" on the U. S. Constitution. They rang doorbells in an Eastern city asking people to sign their "petition" (the Bill of Rights).

The results were interesting; 15 persons recognized it and signed it, 17 recognized it and refused to sign, 21 didn't recognize it but signed it anyway, and 58 didn't even recognize it and further refused to sign.

— Educators' Review and Digest

Teaching Motives Questioned

Techniques of instructors, as well as those of students, are the targets of discussion.

Says Bishop Fulton Sheen, "Some professors are nothing but textbooks wired for sound. The false assumption of these professors is that education is like the transfusion of blood and that ideas can be poured into the student simply by reading to him, as blood is poured into anemic students."

Research on Men's Hair

Formerly over-looked historic facts were the subject of research by Jean Fritz, children's author. She found that even the Founding Fathers couldn't agree on the proper style for men's hair. Thomas Jefferson insisted curled hair was undemocratic; John Adams maintained it had no influence.

— Educators' Review and Digest

Pass-Fail System

The Faculty Senate Executive Committee of the State University of New York, Buffalo, has approved the establishment of a pass-fail system and a four-course academic load, which will go into effect in September, 1969.

Training for Aid Recipients

A welfare project of the Division for Continuing Education has been installed at the University of Missouri, Kansas City. The project includes the training of local women who are receiving welfare aid so that they will be prepared for permanent employment.

Leadership Conference

Housewives, young married people, and retired persons make up the 137 school volunteers who act as teacher aids in the public schools of Springfield, Mo. All who help are required to have high school diplomas. The only pay is the satisfaction that comes from helping both teachers and pupils who need assistance.

Overseas Employment Available to Teachers

Teachers interested in a position abroad next year in Overseas Dependents Schools of the Department of Defense may obtain information and application forms now.

Basic requirements are a bachelor's degree from an accredited institution; 18 semester hours of course work in teacher education; not less than two years of successful, full-time professional employment as a teacher, educational administrator, or counselor; U. S. citizen; minimum of 21 years of age; and physically fit. One year of experience must be in the field for which the candidate is applying.

Positions offered include openings in school administration and at the elementary and secondary levels. The Dependent School program provides for the education of minor dependent children of military and civilian personnel stationed throughout the world.

MSC to Receive \$9,604 Grant

MSC will get an additional \$9,604 in federal funds for 1969 under the National Defense Student Loan program, according to Sen. Stuart Symington.

The grant is one of 49 additional grants totaling \$195,536 made to schools in Missouri. Previously allocated to Missouri schools for the 1969 year was \$4,788,780 for 17,305 grants.

The NDSL program provides 90 per cent of the loan funds, with the school providing the 10 per cent matching funds.

Fraternities Announce Actives

Delta Sigma Phi . .

Delta Sigma Phi has activated 13 fall pledges. Those from Iowa include Dick Johnson, Oakland; Ron Leuwerke, Garner; Kendall Mork, Elgin; Dan McDevitt, Boone, and Mike Schofield, Hamburg.

New members from Missouri are Rick Bowzer, Steve Kerner, Kansas City; Denny Moore, Excelsior Springs; John Pickard, Kansas City; Jerry Riggs, Hannibal; Dave Schoeneck, St. Joseph; Richard Smith, Oregon, and Gary Gutierrez, Chicago, Ill.

Phi Sigma Epsilon . .

Phi Sigma Epsilon's new actives are Bill Brohman, Kansas City, and Jim Oliver, Barnard.

Sigma Tau Gamma . .

Sigma Tau Gamma's new members include, from Iowa: Jack French, Council Bluffs; Cullen Giest, Mount Ayr; Ron Herron, Coon Rapids; Armand Jensen, Melcher; Terry Molgaard, Council Bluffs; Dennis Ohde, Manning, and Bruce Young, Stanhope.

Other Sigma Tau Gamma actives include Ron Eltringham, Roseville, Mich.; Larry Audsley, Kansas City; Robert Burns, Kings Park, N. Y.; Michael Cain, Whiting, Ind.; Jim Hosty, Chicago, Ill.; Vic Varchola, Saddle Brook, N. J.; Dan Troshynski, Omaha, Neb., and Jim Williams, Jefferson City.

Tau Kappa Epsilon . .

Tau Kappa Epsilon has activated 13 fall pledges. Those from Iowa are Wilbur Cleaver, Missouri Valley; Dan Gracey, Truro; Joe Greer, Montezuma; Randy Porter, Modale; Steve Strain, Modale; Ron Young, Honey Creek. Other TKE pledges include Bill Burne, Pittsburgh, Pa.; Chuck George, Maryville; Jim Goff, Warren, N. J.; Dale Holcomb, St. Joseph; Bill Ingels, Maryville; Tom Myers, Pittsburgh, Pa., and Dan Porter, North Kingstown, R. I.

Alpha Kappa Lambda . .

The Alpha Zeta Chapter of Alpha Kappa Lambda Fraternity inducted 11 men into its active body in a ceremony Jan. 11.

The new actives are Gary Esbeck, Exira, Iowa; Joe Fleming, Kansas City; Gene Fundum, Norfolk, Neb.; Mark Kyhnn, Audubon, Iowa; Lenny Lenihan, Kenmore, N. Y.; Joe Marotta, Delmar, N. Y.

John McCune, Hamlin, Iowa; Joe Nichols, Maplewood, N. J.; Denny Wooters, Lake City, Iowa; Walt Yadusky, Hillside, N. J., and Ted Morgan, Rushville.

On-, Off-Campus Cars Must Be Registered

Students are reminded to register their automobiles for on- and off-campus parking for second semester in the traffic office, according to Dr. Charles E. Koerble, dean of students.

The new traffic office is on the third floor of the Administration Building.

AAUW to Present Awards, Grants To Area Students

The Maryville Branch of American Association of University Women will present three awards and grants this spring to women students on this campus or in this area, according to Miss Bonnie Magill, chairman of the awards committee.

The Junior Scholarship Grant is given annually to a junior woman student at MSC who has maintained an overall 2.7 grade point. For the first time, the \$150 grant will be a gift of \$75, awarded at the beginning of each semester next year.

The Viola Mae Corwin Scholarship Award is given annually to a deserving student of this area who has at least a junior standing. The award, consisting of a \$500 scholarship to be paid in two equal amounts, may be used for either graduate or undergraduate study.

The Anna M. Painter Graduate Fellowship Loan of \$1,000, interest free for one year, is available annually to young women for graduate study.

Young women interested in any of the awards or grants should turn in an application to the awards and grants committee of AAUW by Mar. 15.

Interested persons may contact Miss Magill in Martindale Gymnasium.

Faculty Frolics Reveal Hidden Talents

The "Hello Dolly" girl, Miss Mary Jackson, left, delighted last week's Faculty Frolics audience with a pantomime of the throaty songs of Carol Channing.

The audience revelled in the scenes where faculty members left behind the dignity of the classroom to raise funds for the MSC Ambassadors program.

Mr. Gary Collins (top) and Mr. Gerald Landwer (left) surprised everyone with their gymnastic skill.

Staunch Mexican James Redd enjoys the attention of a lovely senorita (Mrs. David Easterla).

Mr. Charles Slattery (left) and Mr. Wayne VanZomer-en displayed their "versatility" in an uproarious skit on faculty and student hangups.

These beauties stopped the show in a finale chorus line, showing what startling innovations an MSC faculty crew can create.

Housing . . .

A Mosaic Meditation

The dean looked like a pretty good fella. I was sure we could reach some understanding on unapproved housing. After all, I was 48 years old.

"Come in, come in."
"My name's Elder, dean. I'd like to talk to you about living in unapproved housing."
"Are you married?"
"No, sir."
"I'm sorry; it's out of the question."

"Dean, you don't understand."

"We have our rules here; we intend to stand by them."

"Dean, I'm 48 years old. Do you really think I need a housemother?"

"We've been having trouble with you older fellows taking advantage of our young coeds. We have their mothers to contend with, you know."

"Some of these approved houses leave a lot to be desired, dean." I recalled those three years in the South Pacific when I was fighting for something called democracy — the freedom to speak, to vote, to live as an individual — where you wanted to.

"You'll find our housemothers quite accommodating. Here's a three-page list."

"Then it's final?" The dean nodded. "Well, maybe my daughter can help me brighten the place up a little."

"Daughter?"
"Yes, she's a student here. She and her husband are living at College Gardens."

"No person of the opposite sex should be entertained in the student's room, other than the boy's mother. It's one of our rules."

"My mother's passed away."
"I'm sorry, Elder; that seems to eliminate female company entirely."

The first location on the list was at North Main. The first locale with a vacancy, that is, and there were only three of

those.

"Hi, Sonnie." Nice old lady, I thought.

"Hi, do you have a room?"
"Yes, I can squeeze one more in."

"Swell."

"It's a nice little room with cooking conveniences."

"Oh?"

"Yes, I have a table up there if you would bring a hot-plate."

"Are rooms with 'cooking conveniences' a little higher?"

"Only a few dollars, Sonnie."

The second place was on West Ninth Street. A young man led me to the basement. Four army bunks were lined against one wall; other than that the one room was bare. It may have been large enough for two.

"I'll be frank with you, buddy. It doesn't look like much — yet. But I hope to get some tables and lamps in here soon, maybe even some carpeting, and three more bunks."

"Pardon me?"

"Three more bunks. The school said I could get seven in here."

"Seven what?"

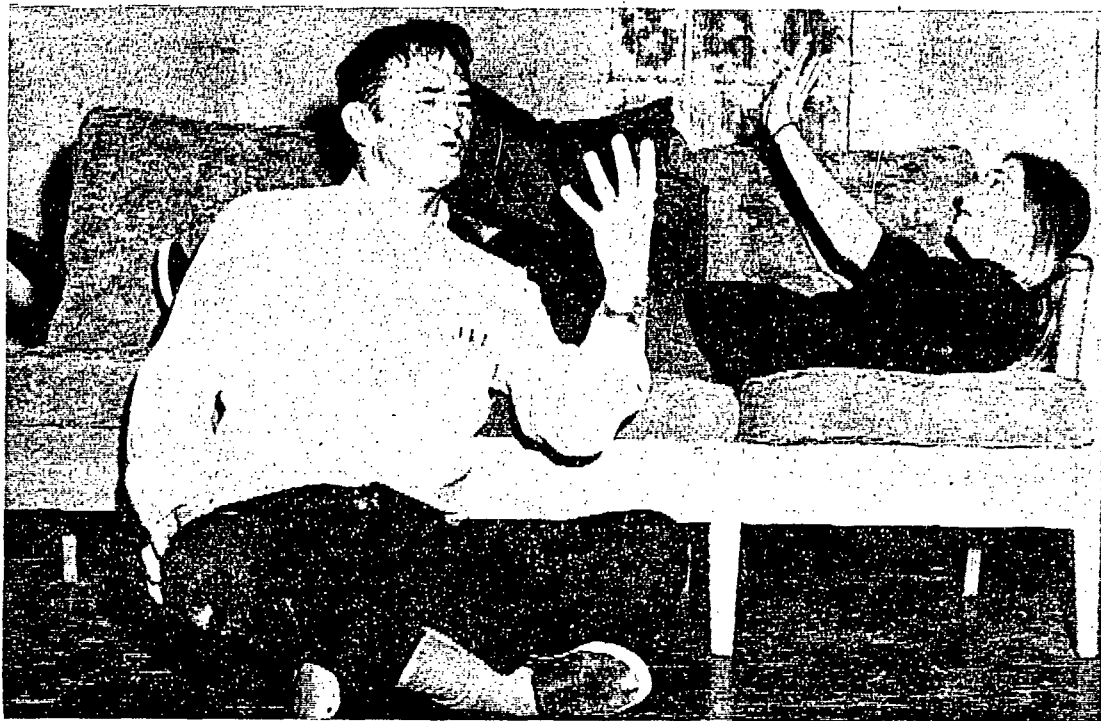

I'm living at the third location now. No, I wouldn't say I was living there. I wouldn't say that at all.

Audubon Meeting Open to Public

Huge glaciers, towering peaks, and gem-like lakes make up the color film "Wilderness Alps of Stehekin" to be shown at 7:30 Thursday in Room 217 of the Garrett-Strong Science Building.

Sponsored by the Maryville Audubon Society, the Stehekin film is open to the public and all interested students. The isolated village, devoid of telephone, doctor, or accessible roads, is the gateway to our newest national park, the North Cascades National Park in Washington state.

Local Cast Prepares for 'Barefoot' Play

"Barefoot in the Park," Paul Simon's Broadway comedy, will be presented by the Nodaway Community Theater Wednesday through Saturday in the Horace Mann auditorium, beginning at 8 p. m.

Shown above are two of the local participants in rehearsal for this widely acclaimed comedy. Actor George Hinshaw and actress Janis Duly, members of the college speech and drama department, play the roles

of Victor Velasco and the young newlywed, Corie Brattner.

Since this production is to be presented on the MSC campus, special ticket arrangements have been made for those students who wish to attend. Tickets at reduced rates are on sale now in the Union Director's office and at the Northwest Missourian office.

Cheerleaders to Get Awards at Final Game

Cheerleading awards will be presented Friday evening at the last home basketball game during the halftime of the game with Peru.

Awards will be presented by President Robert P. Foster, who will be assisted by Ryland Milner, athletic director.

The 1968-'69 cheerleaders are Dottie Wilson and Linda Snell, seniors; Cheri Juelsgaard, Gloria Sherman, and Linda Flachslund, juniors; Rosemary Nicholas, sophomore, Sherry Brown, Donna Fisher, Terry Simmon, and Cindy Wright, freshmen.

District High School Seniors Start Visitations on Campus

The High School Ambassador program under the direction of Mr. John Fuhrman, Division of Field Services, is in full swing again at MSC, with 64 students from 14 high schools scheduled to visit Thursday-Saturday.

The following schools will be represented this weekend: Bishop LeBlond, Christian Brothers, Central, Lafayette, and Benton, all from St. Joseph; Excelsior Springs, Liberty, St. Pius, North Kansas City, Oak Park, Parkville, Platte City, Weston, and Dearborn. Their hosts will be members of Alpha

Sigma Alpha and Tau Kappa Epsilon.

The students will get their first taste of college life at the evening meal Thursday. Following the meal they will enjoy a Coke Hour while they plan their schedules for Friday.

They will be taken on a tour of the Library by Alpha Beta Alpha fraternity. Dr. Sam Carpenter, chairman of the chemistry department, will conduct a tour through the Garrett-Strong Science Hall.

Friday morning the students will visit classes, hold an informal meeting with Dr. Charles Thate, dean of administration, and tour the Olive DeLuce Fine Arts Building. Friday afternoon they will again visit classes and Friday evening they will attend the MSC-Peru basketball game.

Alpha Mu Gamma Elects Officers

Recently elected officers of Alpha Mu Gamma, national foreign language fraternity, are Myra Norman, president; Ray Palmer, vice president; Eileen Kreek, secretary, Linda Nash, treasurer, and Linda Hon, historian.

Students now eligible and interested in membership should see Miss Mary Jackson, 205, Corden Hall for applications. Requirements for eligibility include two college courses of A in a foreign language, and one of B or higher. An overall grade point of 2.0 is necessary in all other work. The next meeting will be held at 5 p. m. Thursday in Room 201, Corden Hall.

Area Musicians to Entertain In Second Classical Concert

The Intercollegiate Chamber Ensemble, co-sponsored by Northwest Missouri State College and the Missouri State Council on the Arts, will present its second concert of the academic year at 8 p. m. Wednesday evening in the Charles Johnson Theater.

Three major ensemble works will be included in the program. The first, "Quartet No. 10 in E Flat Major, Op. 74, The Harp," is by Beethoven. Ross Lee Finney, a contemporary composer and professor at the University of Michigan, is the composer of the second number, "Quintet for Piano and Strings." The third number, by Antonin Dvorak, will be a quintet for piano and strings in

A major, Op. 81.

The five members of the chamber ensemble represent four area colleges. Mrs. Margaret Davis Kew, first violinist, is assistant professor of music at Mount St. Scholastica College, Atchison, Kan., and a member of the St. Joseph Symphony orchestra.

Louis Riemer, concertmaster of the St. Joseph Symphony, is a member of the faculty of William Jewell College, Liberty. Cellist Louis Lynch, a former member of both the Milwaukee Symphony orchestra and the Kansas City Philharmonic, plays with the St. Joseph Symphony.

Dr. and Mrs. Donald Sandford, members of MSC's music faculty, are the other two members of the ensemble, which Dr. Sandford organized. He is the violinist, and Mrs. Sandford is the pianist. Both are members of the St. Joseph Symphony.

Mrs. Maiben Named Experiment Leader

The leadership committee of The Experiment in International Living has selected Mrs. Dean Maiben, MSC English instructor, to head an Experiment group to Switzerland this summer.

Mrs. Dean Maiben

Mrs. Maiben will oversee the Experimenters as they share daily activities with different families in Switzerland and journey through the country. The program will last from seven to nine weeks.

Mrs. Maiben was selected as a leader because of her language skills and training in human and cultural relations. She received a master's degree from Middlebury, Vermont, College and has an undergraduate degree in English. She will undergo leadership training for the job in St. Louis April 11.

Mrs. Maiben, who has traveled and worked in Europe, spent the summer of 1962 in Germany.

Pre-Med Students Tour MU Campus

The members of the Pre-Med Club and its sponsors visited the University of Missouri campus at Columbia Feb. 6 and 7.

The club toured the Medical Center where they observed the new classroom facilities and computers, a hospital floor, and visited classes.

Tours were conducted through the veterinary school, where the students viewed areas of neurology, physiology and pharmacology, and microbiology as well as the Space Sciences Research Center, where research is financed primarily by NASA. The members also visited the University-owned atomic reactor facility, where they observed the reactor in operation and saw applications of atomic research.

The Pre-Med Club has previously visited Kansas State University, the hospitals of Kansas City, and the Kansas University Medical Center. Plans for a March visit to Iowa State University have been completed.

C. M. Henderson To Review 'Cradle'

Mr. Clarence M. Henderson, member of the social science faculty, will review "The Cat's Cradle" by Kurt Vonnegut, a modern novel focusing on man and his relationship to society at the next Book Club meeting.

All interested students and faculty are invited to attend. This review will be given Thursday evening, beginning at 7 p. m., in the Upper Lakeview Room.

Among The Birches

By John Ford

February is always a good month to take time each day to get out of the cold a few minutes and enjoy a steamy cup of coffee or hot chocolate in the Den.

Some of the birchers have been concerned, however, about sitting at the tables in the old Den area with their coats on and gulping their refreshments before they get cold. It seems there is a steady wintry blast from the south door during the busy hours. Maybe the Union will get remodeled.

Drivers catch their breath and tighten up a little as they escape from campus beside and behind Roberta Hall. The curve now includes Roberta Ravine, a large hole on the right of the first curve.

A reminder to students who "give a damn" (by special permission of John Price): Plans are now being formulated on the selection of Greek student body candidates. Interested students should begin to think now of records of past officers and new ways of electing the best representatives possible on our campus.

I talked to some students the other day that have been in the service and are much older than many of the other MSC students. They are seriously considering the only out for students who want to live off campus: a 10-minute wedding ceremony.

The problem of increasing the number of fraternities on campus seems to be of significance to several IFC members. The all-fraternity representatives decided to let one frat come on campus at a time to give the existing organizations and the new ones a chance to thrive.

One fraternity has been accepted so far, and another has somehow been brought under consideration. I understand the second new fraternity has begun its pledging plans and will function despite the IFC ruling.

Does that mean we don't need an Inter-Fraternity Council?

Practical Nursing Class Receives Caps

Participants in recent ceremonies for MSC's class of licensed practical nurses, are, front row: President Robert P. Foster, Miss Sandra Daise and Mrs. Betty Devine, both of Clearmont; Mrs. Grace Stoner, Fairfax, Mrs. Frank Morgan, director; second row: Mrs. Emma Lee McEnaney, Tarkio; Mrs. Nora Juhl, Stan-

berry; Mrs. Joan Housay, Maryville; Mrs. June Barnes, Albany; third row: Mrs. Josephine Cook, Maryville; Mrs. Loretta Kay Walker, Tarkio; Miss Wanda Charlene Johnson, Burlington Junction; Mrs. Ann Cook, Tarkio; Mrs. Emogene Cruth, Barnard; Mrs. Cashie Ploof, Rock-Port, and Mrs. Phyllis Adamson, Maryville.

Capping ceremonies Feb. 9 at the Olive DeLuce Fine Arts Building marked the completion of the first phase of training for 14 students in the Northwest Missouri State College School of Practical Nursing.

In his address at the capping ceremonies, President Robert P. Foster congratulated the students on their achievement.

Although MSC now offers a Bachelor of Science degree in Medical Technology, Dr. Foster expressed the hope that the present program in practical nursing could be broadened with the final outcome being that of a curriculum for the degree of BS in Nursing.

Headed by Mrs. Frank Morgan, director, and Mrs. Frank Lynch, nurse instructor, the school is the only school of practical nursing in the state that is affiliated with a four-year college.

With the conclusion of the first phase in the program, which included a period of orientation into the clinical experience by spending four hours a week at the hospital, the students have entered the clinical phase of the program at the St. Francis Hospital. Each morning they work at the hospital. Afternoon sessions are conducted in the training center in the Horace Mann Building.

The class will have completed 788 hours of classroom study and 536 hours of clinical experience at the end of the year's schooling Oct. 10.

A new class will start its training next fall.

Men's Council Elects Leaders for Spring

The Men's Dorm Council elected its officers for the spring semester last week, with only two changes occurring.

Rocky Reed, re-elected president, will be assisted by a new vice president, Stan Barton; secretary, Larry Slaughter; treasurer, Dennis Jacobson, and newly elected parliamentarian, Clifford Nelles.

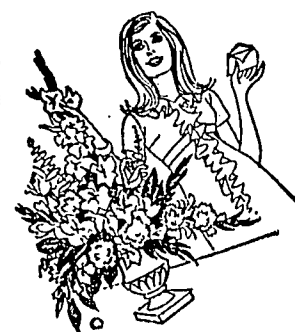

Jacobson reported that the Dorm Council now has \$1,708.28 in its treasury. It was also reported that the council will name a candidate for Tower Queen although the candidate has not been selected.

French Classes Invited To View 'Antigone'

MSC French students have been invited to attend the production Antigone, at 2:30 p. m. March 23, at the Kansas City Music Hall, presented by "Le Treteau de Paris" troupe.

The play is a French adaptation of the Greek classic by Jean Anouilh. Student tickets may be purchased for \$2 from Mr. Horner, French instructor.

"Le Treteau de Paris" is the only professional European company touring North America annually. The troupe presents the works of classical and modern French playwrights.

'Cats Lose to Bulldogs, Tie for Third in Loop

Northeast Missouri State's Bulldogs turned in a red hot first-half shooting performance to down the Bearcat basketball team Saturday night, 70-65, at

'Cats Drop Game At Charity Stripe

The Bearcat B squad outshot the Missouri Western Griffons 36-31 Friday night only to lose the game in Lamkin Gymnasium 87-79 as the Griffons swished 25 of 30 tosses from the free throw line.

Western hustled to an early lead and was ahead by a 14-point spread at half-time, 44-30. The Bearcats fought back in the second half, with Sam Allen scoring a game total of 24 points and Tony Moore hitting for 20 more. Western held a more balanced attack with six men scoring in double figures.

Percentages spelled the difference as the Griffons shot 48 per cent from the field, hitting on 31 of 64 while Maryville clicked for 36 of 94 for 38 per cent. On the boards Western narrowly out-rebounded the 'Cats, 50-47.

Kirksville.

The Bulldogs shot a torrid 62 per cent from the field in the first half while building a 42-34 lead at intermission.

Gary Goodson led all scorers for the night with a 20-point performance, and Pat Donovan contributed 14 to boost the 'Cats' efforts.

Charlie Currie and Ken Parker were the big guns for the Bulldogs over the early scoring as both clubs wound up in a tie for third in the MIAA race. Currie and Parker finished with 17 points apiece.

The Bearcats took advantage of a Kirksville cool spell early in the second half and tied the score at 63-all on a layup by Ron Peterson and again at 65-all, but the 'Cats were never able to go ahead.

Kirksville also held a healthy edge off the boards, 39-30, with Jack Wilson and Currie grabbing a total of 18 caroms. Donovan led the 'Cats with eight.

The loss dropped Maryville to a 6-4 conference record and 10-11 overall. The 'Cats will play their final game at home Friday night against Peru State.

Wrestlers Tromp Nebraska Team

The MSC wrestlers battered the University of Nebraska squad Feb. 16 as the 'Cats teamed up for a 27-11 victory in Lamkin Gymnasium.

Coach Gary Collins stated that the meet "was probably one of the best team efforts of the season, in that every one of the Bearcats wrestled well."

Jim Burwell started the evening with a 10-4 win at 123 lbs. Then came a string of pins by Wayne Garcia at 127 lbs., Stan Zeamer, at 137, and Paul Stehman at 145. When Terry Hostetter won 8-7, MSC had a 21-0 lead.

Gary James, Bill Mueller, and Don Warner wrestled to a draw. Each of the three had to come from behind in the closing minutes to gain his tie decision.

The Bearcats' next venture will be with the University of Missouri at Columbia Feb. 20. It probably will be one of the toughest of the season for the 'Cats, according to Coach Collins.

LONG-VIEW SCHEDULING

The University of Iowa and Iowa State University have finally made arrangements to play football again.

The games are scheduled for 1977 and 1978.

Bearcats Rally at Final Event To Slip by Kansas, 52-50

The MSC Bearcats came from behind to steal an almost assured victory from Kansas State College of Pittsburg last weekend.

Losing the first five events, the tankers hopelessly trailed their hosts 26-8, but Dave Dorn and Randy Hansen captured first and second respectively,

in the 160-yard individual medley, narrowing the margin to 27-16. Dorn's winning time was 1:50.1.

Dick Konecny and Bob Finch dominated the springboard for first and second, with Konecny scoring 186.9 points, and Finch tallying 156.4 points.

With the score at 28 - 24, KSCP, Alvin Green flew to a victorious finish in the 200-yard butterfly with a clock of 2:22.9. Steve Conner added to MSC's output with a third, closing the gap to one point.

Pittsburg gained eight points on the tankers in the 100-yard freestyle, and another point in the 200-yard backstroke, putting the score at 44-35. Bob Sanders and Pat Hennessey duelled to a second and third spot in the 500-yard freestyle, with Jades of KSCP taking the event in 5:02.9.

With the score at 40-39, Ron Harris and freshman Craig Puck turned in a first and second in the 200-yard breaststroke with 2:34.4 and 2:36.7, respectively. A win in the next and final event would decide the meet.

Pierce, Schomburg, Hansen, and Green flew to victory in the 400 - yard relay, missing MSC's pool mark 0:0.1 to capture the meet.

"Puck and Finch played integral parts in the meet capturing badly needed seconds in breaststroke and diving, respectively," Coach Dyche said. "Pierce's return to the team added to its already good depth."

With a 7-2 record, MSC will host the University of Northern Iowa, at 3 p. m. Friday in Martindale Pool.

Chiefs Use Brawn To Power Past All-Star Squad

Utilizing superior size, the Kansas City Chiefs basketball team bulled its way past a smaller but scrappier Maryville All - Star squad, 92-74, Thursday night before a benefit crowd of 1,200 in Lamkin Gymnasium.

Sparked by the 28 points of deep receiver Otis Taylor and 24 by mammoth tackle Buck Buchanan, the Chiefs jumped to an early 7-0 lead, and retained control the rest of the way.

Led by the shooting and ball control of Bob Weyrauch, Bill Blanton, and Dave Easterla, the Maryville squad displayed aggressiveness and poise, but was unable to subdue the large members of the "senior circuit."

Scoring in double figures for the All-Stars were Weyrauch, Blanton, Easterla, and Jim Lafoon with 16, 12, 10, and 10 points, respectively. Bobby Bell tallied nine points and Dave Hill added 15 for the winners.

Following the contest, the Chiefs' players gave away team pictures and signed autographs for the spectators.

Big Buck Buchanan of the Kansas City Chiefs uses his 6'7", 286 lb. frame to lay in two points despite the desperate efforts of Maryville defenders Bill Blanton (11), and Bob Popalisky (30). The Chiefs won the contest, 92-74.

MSC SPORTS SCHEDULE

Feb. 17-Feb. 25

- Feb. 20: Wrestling—University of Missouri . . . At Columbia. (Dual)
- Feb. 21: Basketball—Peru, Neb., State . . . Lamkin Gym, 7:30 p. m. (Final basketball game of the season.)
- Swimming—Northern Iowa U. . . Lamkin Gym. (Final dual meet).
- Feb. 25: Wrestling—Omaha U., Lamkin Gym. . . 7:30 p. m. (Final dual meet).

Grapplers Pull Out All-Star Win

By John McDonnell

The MSC Bearcats turned back the victory minded American Athletes in Action Chargers' wrestling team, '6-15, Wednesday night in an exhibition at Lamkin Gym.

After the Chargers spotted

the 'Cats 10 points on the forfeiture of the first two matches, Stan Zeamer promptly upped the count to a 13-0 Bearcat lead as he soundly defeated John Hansen of the Chargers, 7-0.

The Chargers then start-

ed their comeback as Paul Stehman was beaten by Gene Davis, 6-5, in a close match; Terry Hostetter was beaten 15-6 by Loren Miller; Mike Loercher was well handled by ex-Olympian Bobby Douglas 18-3, and Bill Mueller was throttled 10-2 by John Klein.

In one of the feature matches of the evening Larry Amundson outpointed Coach Gary Collins 7-4 and put Maryville at a 15-13 disadvantage.

This set the stage for MSC grad Al Borkowski's last minute heroics. As the match progressed between Bob Anderson and Borkowski, last year's "Green Giant" fell behind and was trailing 3-2 with less than a minute to go. At the 42-second mark Borkowski got a take down and rode out the period for the win and the deciding points for the 'Cats margin of victory.

This exciting match kept the crowd of an estimated 3,000 fans chewing their fingernails to the end and earned Borkowski a standing ovation.

At half time the Chargers related how Christ had entered their lives and gave various personal experiences in the attempt to tell the fans how much more full their lives are now, with Christ.

The grapplers next will take on the University of Missouri Feb. 20 at Columbia.

MIXED BOWLING LEAGUES

Mixed doubles bowling leagues will be forming tomorrow.

Information is available in the Union games area.
